

Stamford Public Schools  
NSL Meal Charge Policy  
September 2010

Students that are unable to pay for their breakfast or lunch at the time of service are allowed to charge up to \$12.00.

Once that threshold has been reached they will only be given a choice of either a cheese or peanut butter & jelly sandwich and a carton of milk.

The school district expects to receive reimbursement for all charges. A reminder announcement will be sent to parents each week in addition to a recorded telephone call.

Any unpaid meal balances may delay your child's graduation.

All questions or concerns regarding meal charges or unpaid balances may be directed to the food service director or his assistant:
