The Westhill High School Girls Softball Team enjoyed a highly successful season, filled with highs, lows, and ending with a great high. Under Head Coach **Tom Pia** and assistants **Ali Walsh, Katherine Begetis, Todd Jones, and MaryAnn Macari**, the team amassed 20 wins and just 5 losses in the regular season. The Vikings then went on to win their first FCIAC Championship in ten years. The team unfortunately lost the Class LL state tournament game due to a series of errors beyond their control, but their scrappy style was noticed and admired by Yankees General Manager Brian Cashman, who invited the team to Yankee Stadium in July where they not only met the players, but actually escorted them onto the field before a live television audience. Several of the girls are leaving for college, many are returning players next year, but all are deserving of recognition for their accomplishments, individually and as a team. They are:
